PROJECT DESCRIPTION

WE ARE RUNNING OUT OF TIME is a project by ilhas studio. The aim is to organise a Visual Marathon that will take place during the Walk&Talk Arts Festival, on July 24th in the island of São Miguel, Azores. The Marathon is divided in four courses (42,4 km, 22,4 km, 7 km and 3 km), passing through different trails in São Miguel. Anyone can participate - either by running or walking.

The idea behind this Visual Marathon is that one person alone can't fight all injustice, but each one of us can give voice to at least one cause. The body of each participant will be a visual support, carrying a graphic piece designed by ilhas studio, based on the watchwords and causes submitted by the participants during the registration act.

It is a Marathon of Urgency, that aims to unite the fights and causes of all those who choose to take part.

We will thus run together against the clock - because we are running out of time to fight for gender equality, against homophobia, against transphobia, against racism, to fight for a more sustainable world, for a world without war, for a world without hunger and without domestic violence. The more participants, and the more diverse we are, the more diverse and pressing our causes.

The marathon is divided into four courses, with different levels of intensity. Participants can choose which course they will participate in. Each course is an anchor of the project, and represents the causes of the collaborating associations and groups that stand alongside it. At the end of each course, the symbolic passing of a baton will take place.

In collaboration with several associations of São Miguel island:

Soliedaried'arte Açores, Cresaçor - Cooperativa Regional de Economia Solidária, AMAR - Açores Pela Diversidade, APF - Associação de Planeamento Familiar, Pride Açores, APAV - Apoio à Vítima, AIPA

- Associação Dos Imigrantes Nos Açores, Amigos dos Açores, Kairós -
Cooperativa Incubação Iniciativas Economia Solidária, Novas Rotas, A
Alternativa - Associação Contra as Dependências, Arrisca, Novo Dia -
Associação para a Inclusão Social, As Cores dos Açores e Aurora Social,
we will paint the landscape. In the days before the Marathon, the route
will be marked with watchwords painted in stencil, so that the streets
remember: 'A COUNTRY WITHOUT CULTURE IS A COUNTRY WITHOUT
VOICE', 'RACISM IS NOT OPINION', 'PROTECT THE LANDSCAPE', 'MY
BODY MY CHOICE', and many more.

The Marathon has 54 prizes in total, consisting of numbered and signed
silkscreens. 42,4 km, 22,4 km, 7 km routes has 3 prizes, for the three
genders taking part: female, male and non-binary. Likewise, for athletes
with disabilities. The 3 km route doesn't have prizes, since it is not being
timed.

Part of the funds raised will be given to the different associations in São
Miguel that participate and collaborate with the project.

WE ARE RUNNING OUT OF TIME is a project that defends
intersectionality as a way of looking at the world, where art, sport and
citizenship meet to generate spaces for encounter and dialogue.

DESCRIPTION OF THE RACE

The Marathon's route connects one of the most iconic places of São Miguel Island - the volcanic complex of Sete Cidades - to Complexo Desportivo da Relva.

This race is characterized by the eccentricity of running on the ridges of a volcano, through dirt roads, with some unevenness, but of easy technical level, and ends, through roads, in Complexo Desportivo da Relva.
